The PEERS Program
Promoting Children’s Early Empathic Relationships in School
How is PEERS helping your child?

The PEERS Mental Health Consultants
• The PEERS Program provides each school with a Mental Health Consultant who is a School or Clinical Psychologist.
• They will help teachers in their work to support children’s social and emotional development in school.
• If you are concerned about your child you can talk to your child’s teacher or call Wendy to find out how the PEERS Program can help.

What will the Mental Health Consultants do at your school?
• They will visit Kindergarten to grade 3 classrooms about every 2 weeks.
• They will help teachers find ways to help children when they have problems with other kids; feel overly stressed, sad or angry; or have a hard time adjusting to school. We are here to help children!

The PEERS Program Research Team
Please contact Wendy if you have any questions about the PEERS Program (780-492-7147 or hoglund@ualberta.ca; http://www.psych.ualberta.ca/~hoglund/PEERSlab/).
